EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Ms. Temnit Asework on 08/31/06.

The application has been amended as follows:

Cancel claim 17.

The following is an examiner's statement of reasons for allowance:

Independent claims 1 are 11 when considered as a whole, are allowable over the prior arts of record. Prior arts of record do not teach or suggest the steps/means for dynamic display of advertising material for triggering a communication session with said server where the server is responsive to a request initiated by said billboard and without requiring the billboard to continuously listen for a request from the server to upload and display a further image object during a respective further time slot which results in a secure communication with the server, wherein the billboard is visible to the server only upon said triggering of the communication session.

Specifically, Hunter [US. 6,430,605] in view of Binder [US. 6,513,052] teach the feature of "triggering a communication session with the server to upload and display a further image object during a respective further time slot" (see Hunter,

column 4, lines 4-12 and Binder, column 5, lines 8-20). However, Hunter in view of Binder fail to teach or suggest initiating from the billboard a communication session with the server where the server is responsive to a request initiated by the billboard and without requiring the billboard to continuously listen for a request from the server for uploading further advertising material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
